LEADERSHIP & VOLUNTEER EXPERIENCE

History and Introduction to Business Teacher Aide | California High School

August 2023 – June 2024

- Graded student assessments and recorded scores to support timely grade entry
- Created a digital catalog of classroom books to improve accessibility and organization for teacher use

EnterHERprise Contra Costa | Bay Area, CA

August 2022 – June 2024

Director of Events

- Conducted research and outreach to secure women in business and entrepreneurs as guest speakers each month
- Presented monthly lessons about pitching, marketing, sales, public speaking, etc. to middle school students

Interact: Rotary Sponsored Club | California High School

August 2021 – June 2024

Volunteer

- Supported community events such as Dublin St. Patrick's Day Festival, Art and Wind Festival, Run for Education, elementary school book fairs, Harvest Fair, and more
- Contributed to providing social services for children and families through Hively and Rise Against Hunger

PROJECTS

Galaxy Grub | Phaser | 5-person Project

- Developed a futuristic sci-fi cooking game with an interactive conveyor belt, crafting, timer, scoring, and progression systems.
- Designed the game's visual assets, including backgrounds, button UI, and food artwork.
- Worked as a production lead to coordinate team communication, deadlines, and planning.

Toxic Environment | GDevelop | 2-person Project

- Developed game systems such as marine animal behavior and UI
- Implemented coin/shop systems and player level progression

King's Underworks | Board Game | 2-person Project

- Created half of the board's tile visuals and layout
- Designed core mechanics such as tile rules and special cards while using a 52-card deck for movement
